It was confirmed that the EALC grant to MIRFC was £10,000 and not £15,000. An amendment has been made to the additional comments under 20 0351 to note that a liaison group will be set up for the residents of Dawes Land and Brierley Paddocks.

20/257 TO DISCUSS AND CONSIDER COLCHESTER BOROUGH COUNCILS SAFE OPENING OF HIGH STREETS ACTION PLAN

Following discussion the Council agreed not to ask for any signage but to request information about hand sanitisers for the play parks and car parks and a better gate on the Coast Road hammerhead. The Clerk will request the information.

20/258 TO RECEIVE AN UPDATE ON THE RED ROUTE RESTRICTIONS IN WEST MERSEA

The red lines are an 18 month temporary order, after which time it will be reviewed. Some disabled bays and loading bays have now been allocated along the routes. There is some confusion about the times and seasons of the restrictions and when they apply. Some members of the Council felt they were not informed enough and there was not a community consultation.

The Council agreed to schedule a review of the lines at the beginning of June 2021 to see the impact on parking, residents and local business. Before the Temporary Order becomes permanent it would be put out for full consultation. Single red lines are timed and when the red lines are within restrictions they are 24 hour 7 days per week enforceable. Signage about when the restrictions apply will need to be improved. Yorick Road red lines will be added in March 2021.

20/259 TO RECEIVE AN UPDATE ON THE NEIGHBOURHOOD PLAN

Councillor Banks confirmed there had been an encouraging response from the planning team at Colchester Borough Council who are in the process of forming their response to the consultation. There are 44 documents in circulation. Due to the pandemic no details of numbers have been received from the library or MICA and the online response is being handled by the consultant. Feedback has been very complimentary.

The doctors have referred back to the NHS for a professional report of what would be best for Mersea in terms of site and size and a reply is awaited.

20/260 TO RECEIVE AN UPDATE ON BRADWELL B

Report received from Councillor Banks, Bradwell Monitoring Committee Chairman. The committee has not met since last meeting in August.

As far as Bradwell B is concerned it rolls on despite both Colchester Borough Council and now Maldon District Council not supporting it. It is clearly time Essex County Council got on board with an unequivocal position.

Since the closure of the Stage One Consultation the separate planning application for ground works was rejected by MDC but now BRB have appealed. I recently responded to that as West Mersea Town Council, you all received a copy from the Clerk.

The PM has released his 10 point plan for Zero Carbon, seriously lacking in detail and specifics, essentially both large and mythical, sorry, modular, reactors are mentioned. One suspects that support for Sizewell C is implied, both as a go ahead for the development Consent Order and for the Regulated Asset Base (RAB) method of us bailing the EDF (majority owned by the French State) out of effective bankruptcy.

They are tricky times on the Bradwell B front as pressure must not be lessened during this gap in apparent activity. The threat still exists and on different fronts.

20/261 MAYOR'S NOTES

The Mayor thanked the Councillors and staff for their continued hard work.

20/262 MAYOR TO MOVE THAT THE PRESS AND PUBLIC BE EXCLUDED DURING THE TRANSACTION OF THE FOLLOWING ITEMS ON THE GROUNDS THAT PUBLICITY WOULD BE PREJUDICIAL TO THE PUBLIC INTEREST BECAUSE OF THE CONFIDENTIAL NATURE OF THE BUSINESS TO BE TRANSACTED

20/263 TO DISCUSS AND AGREE QUOTES TO REPAIR THE OFFICE ROOF

The Clerk explained that as part of the lease work for 10 Melrose Road, Colchester Borough Council commissioned an EPC survey. This has recommended that more loft insulation is required and Colchester Borough Council asked the Clerk to find a contractor to do this and they will pay. The Clerk advised this tied in with the requirement for a new roof as in the recent storms and heavy rain, further leaks in the Clerk's office were revealed.

Following discussion, it was agreed that the Clerk should instruct the roofers to replace the office roof tiles. Proposed: Councillor Wood, Seconded: Councillor Bragg. Councillor Powling abstained.

There being no other business, the public meeting closed at 9.25pm.
